SUMMARY

A passionate and adaptable tech enthusiast with a strong foundation in Python, Java, and C programming. Always eager to learn and explore new technologies, I have hands-on experience in cloud computing and artificial intelligence through internships and coursework. With a keen ability to manage time effectively and multitask, I thrive in dynamic environments and quickly adapt to new challenges. Currently pursuing a BTech in Computer Science and Data Science with a minor in Artificial Intelligence, I'm excited to contribute and grow in the ever-evolving tech landscape.

PROJECT

Filtro – Intelligent WhatsApp Content Filter

- Developed an Android application that filters and organizes academic and relevant content from WhatsApp using intelligent keyword extraction and NLP techniques.
- Implemented message classification and content prioritization to reduce information overload for students and professionals.
- Used Jetpack Compose for building modern UI and Room Database for efficient offline message storage and retrieval.
- Integrated custom logic to distinguish between promotional, academic, and general messages for better user focus and productivity.
- Focused on privacy-preserving design without storing or uploading personal messages to external servers.

EXPERIENCE

Python Developer

VaultOfCodes

January 2023 – January 2027, Hyderabad

EDUCATION

Bachelor's Degree

Minor in Artificial Intelligence • Gokaraju Rangaraju Institute of Engineering and Technology • Hyderabad • January 2023 – January 2027
• BTech in Computer Science and Data Science.

MINOR IN AI

IIT Ropar • January 2025 – November 2025
• Minor in AI.

Secondary Education

VIITJEE ACADEMY • January 2021 – January 2023

High School

St. Alphonsus High School • January 2009 – January 2021

COURSEWORK

Cloud Foundations (AWS, Google Cloud)

IIT Ropar • January 2025

Machine Learning & AI

IIT Ropar • January 2025

Data Structures & Algorithms (DSA)

March 2024

Python for Data Science

January 2024

SKILLS

Programming Languages: Python, Java, C, JavaScript, SQL

Web Development : HTML , CSS , Bootstrap , Tailwind CSS , Javascript

Soft Skills: Ability to Multitask, Fast Learner, Effective Time Management

Frameworks and libraries :Numpy , Pandas , Matplotlib, Scikit-learn

Tools and Platforms : Figma , Canva , Git
